

شركة قواعد الصناعة التجارية

INDUSTRIAL BASE COMMERCIAL COMPANY

SPECIALIST SUPPLIERS OF MECHANICAL /ELECTRICAL
/DRILLING PRODUCTS AND SPARES

Products & Spares

- Pipes / Fittings / Flanges / Valves / Gaskets / Studbolts
- ❖ Drilling & Rig Equipments And Spares (Drilling Machinery, Equipment, Tools and Accessories)
 - ❖ Power and Control Products & Offshore Drilling Rigs, Components and Accessories
 - ❖ Electrical Items : Electrical Panels Such as Distribution Panels ATS ,s Synchronising Panels ,Fuel Control Panels ,Motor Control Centers, Load Correction Panels , Float Switches ,Level Indicators

Services

- ❖ Electrical : Installation of different Electrical Systems (District Cooling Plants, Renewal & Hybrid Solutions , CHP & Trigenation)
- ❖ Mechanical : Installation of Different Mechanical Works
- ❖ Energy Sector : Assessment evaluate and optimize the clients' needs for alternative energy
- ❖ Power Rental Division : Durable Equipment with Different Engines Capacity offered on Rental Basis
- ❖ Operation & Maintenance Division available 24x7 to render any break-down supplies and provide alternative and hassle free of installed mechanical and electrical products

**Construction of Power houses / Power Units / Maintenance Contracts
/ Construction of OverHead Transmission Lines**

شركة قواعد الصناعة التجارية

INDUSTRIAL BASE COMMERCIAL COMPANY

Legal Structure

Saudi Based Company registered at Al Khobar and comprise of Saudi Partners

Company Mission Statement

We Work Together across boundaries to meet the needs of the customer and to help the company win

Company Vision

Committed to ensure that Quality Systems are followed at our manufacturing partners by auditing, evaluating and helping them to upgrade their systems on continual basis

Goals & Milestones

To Be Aramco Approved Stockists & with Best Service Facilities for Industrial Growth Market Requirements

We will extend our clients expectations by empowering our employees and management to practice continuous improvement and innovation of our products , technical support ,processes and the company itself while ensuring compliance with statutory and regulatory requirements

INDUSTRIAL BASE COMMERCIAL COMPANY

Executive Summary

Industrial Base Commercial .is a well reputed, Saudi based Supply of Mechanical & Electrical Products Spares And Services company.

We provide a high degree of assurance that all products consistently meet their predefined specifications and quality attributes

We provide a high degree of assurance that all products consistently meet their predefined specifications and quality attributes

- 1- Petrochemical / Rig (Especially SABIC / MAADEN / SADAARA based Projects direct and Indirect Requirements)
- 2- Power / Utility (Saudi Electric and its EPC projects)
- 3- Industrial Support And Fabrication Services (Leading Approved Fabricators and support industries)
- 4- Alloys And Metal Trading Houses

We are distributors of a wide range of Mechanical ,Drilling Equipment & Electrical products & Spares and have the experience, resources and capability to source products from Approved Manufacturers and as per Applications and Technical Specifications required

We will look forward to receive your requirements and will be happy to provide you our very best service and most competitive pricing with value addition services .

SERVICES AND SPARES

A - ELECTRICAL WORK:

We offer the Installation of different electrical systems such as

- Lighting systems.
- UPS/ battery/ battery charger.
- Power factor correction.
- Isolation power system.
- Medium voltage equipment up to 33 KV such as switchgears, package substations transformers.
- All low voltage, medium voltage cables including all cable trays, supports, cable ties, cable tagging, etc.
- Installation of the power houses using diesel generators high speed, medium speed, gas turbine, steam turbine, M.V. work up to 33 KV.

B - MECHANICAL WORKS

We offer Installation work for all mechanical systems including the following:

- A/C Systems including central air conditioning using split duct, package, chillers and all related works such as ducting, grills, attenuators, piping, etc.
- Fuel, water systems including all valves, solenoid valves, float switches, level sensors, flow meters
- Compressors and all accessories such as receivers, dryers, separators.
- Secondary filters and water separators.
- Sound treatment systems including sound attenuators, acoustic louvers, acoustic doors.
- Sound treatment for the power houses and all very noisy equipment including installation of sound attenuators, and sound treatment linings for the walls.
- Waste water treatment plants.
- Power houses including diesel, gas generating sets, gas turbines, steam turbines including all related mechanical works such as boilers, piping work, heat insulations for the exhaust piping, measuring equipment.
- Production lines for all applications in industrial, petroleum sectors including all steel frames.

INDUSTRIAL BASE COMMERCIAL COMPANY

Power Rental Services Division

- We have own fleet of durable equipment with different engines capacities offered on rental basis. Such as the following activities:
- Sound proof containerized diesel generating sets with a wide range of capacity up to 1.5 MW/ unit.
- Our rental diesel generating sets fleet are selected to be very flexible for the voltage selections 220/110 V, 380 /220 V, 380 /220 V, 480/277 V
- Also it is flexible for the frequency (speed) and it can be adjusted between 50HZ (1500 rpm) and 60 HZ (1800 rpm).
- All units are equipped to work in synchronizing together and it can be adjusted on either droop or ISO mode.
- Bus bar panels, Manual transfer switches, Automatic transfer switches, Distribution panels.
- Step-up transformers from 380 V to 11/13.8KV, 33 KV, 50/60Hz.
- M.V. Switchgears including KWHM. It is flexible to suit the different sites arrangement.
- Fuel tanks 5,000, 30,000, 40,000, 50,000 liters each fuel tank prepared to feed up to 10 generators also equipped for fuel return.
- Fuel hoses between the fuel tanks and each generators for fast and easy installation also unloading fuel pumps.
- Oil tanks for the new oil and waste oil.
- Water Tanks, Antifreeze.
- L.V. Power cables size 1x240mm², M.V. Cables size 3x185mm².
- Maintenance for our units using genuine spare parts.
- Operators cover 24 Hrs, 365 Days/year.
- Mobilization and demobilization.
- Supply of diesel fuel as an option if required.
- Feeder cables from our switchgear up to your distribution panel as an optional if required
